

**SPECIALTY
RELEASE PAPERS**

HIGH- PERFORMANCE RELEASE PAPERS

Exhere® specialty release papers are designed for pressure-sensitive adhesive applications where standard release liners fall short. Pixelle is a fully integrated manufacturer of clay-coated kraft (CCK) liners. And to give you a full range of choices, we also offer poly-coated kraft (PCK) and supercalendered kraft (SCK) papers. If your needs go beyond our extensive product line, our on-site development engineers can collaborate with you to create a solution tailored to your precise requirements.

SOLUTIONS FOR ANY APPLICATION

- ✓ Designed for pressure-sensitive adhesive applications
- ✓ Proprietary layflat technology
- ✓ Superb backside printability
- ✓ C1S and C2S differential release

QUALITY PAPER FOR:

- > MEDICAL
- > LABEL
- > INDUSTRIAL
- > GRAPHICS
