

PointSil™ CCK Liner LZ

PointSil™ CCK Liner LZ features a backside coating engineered to provide for a rougher backside surface which makes it the perfect choice for challenging sheeted pressure sensitive applications.

FEATURES AND BENEFITS:

- Coatings designed for solventless, radiation, and emulsion silicones
- Excellent dimensional stability for laminate lay-flat
- Reverse side coated for balanced sheet
- Coated for a clean, white, premium appearance

MAIN APPLICATIONS:

Silicone coated for pressure sensitive laminations
 Suitable for sheeted pressure sensitive applications, such as laser print labels
