

GET MORE FROM PACKAGING

It's time for single-use packaging to be as appealing as it is revolutionary. Pixelle gives you access to a full suite of PFAS-free, advanced barrier technologies for tailor-made, paper-based solutions. Our expert development team can help you engineer an FDA-approved solution to replace nonrenewable materials while maximizing brand appeal. Get more from your packaging, while offering more to your customers.

SUSTAINABLE SOLUTIONS WITH STRONGER APPEAL

- ✓ Free from plastics and PFAS chemicals
- ✓ FDA-approved for direct and indirect food contact available
- ✓ Basis weights ranging from 40-245 GSM
- ✓ Bleached and unbleached options
- ✓ Coated and uncoated options
- ✓ Functional one-side and functional two-side options
- ✓ Available with wet strength

A BETTER PACKAGING SOLUTION? SOUNDS APPEALING.

Boost functionality and tear into new applications for paper packaging with Appeal® coated or uncoated barrier papers. Choose from pre-engineered, standard packaging solutions or create your own Appeal® series. The barriers you choose determines which Appeal® series is best for you.

CHOOSE YOUR SERIES

- ✓ S1 — Are you laser-focused on just one barrier capability? We can tailor your barrier of choice to create an uncoated Appeal® product that meets your specific requirements.
- ✓ S2 — Give your packaging paper dual functionality with two barrier technologies. With Appeal® S2, you can pair capabilities to enhance the performance of your packaging solution.
- ✓ S3 — For more complex applications, you may need to layer three barriers. Appeal® S3 lets you combine technologies for a triple-threat packaging solution.
- ✓ S4 AND BEYOND — For those who want to open the possibilities of paper packaging in new markets or new applications, a multifaceted solution with four or more engineered barriers could be your formula for success.

YOUR OWN RECIPE FOR SUCCESS

You can be part of the paper packaging design future. It all starts with our menu of barrier technologies. Choose whichever combination you need for your custom solution, and we'll make it to order.

OUR BARRIER TECHNOLOGY PORTFOLIO

- ✓ Oxygen Barrier
- ✓ Moisture Vapor Barrier
- ✓ Oil & Grease Resistance Barrier
- ✓ Water Resistance Barrier
- ✓ Mineral Oil Barrier
- ✓ Heat Seal Barrier
- ✓ Wax Paper Barrier
- ✓ Food Release Barrier
