EXHERE® CASTING PAPERS

When curing PVC films and foams, urethane foams and natural rubber, you can depend on the wide range of high-performance Exhere casting papers for consistent release, surface appearance and excellent reuse performance. If your job has requirements outside of our product line, we'll partner with you to engineer the exact combination of gloss, strength and release characteristics you need.

Casting base papers are one- or two-side functional and are engineered for multiple reuses. Available in calipers ranging from 4.6 to 10.5 MIL.
